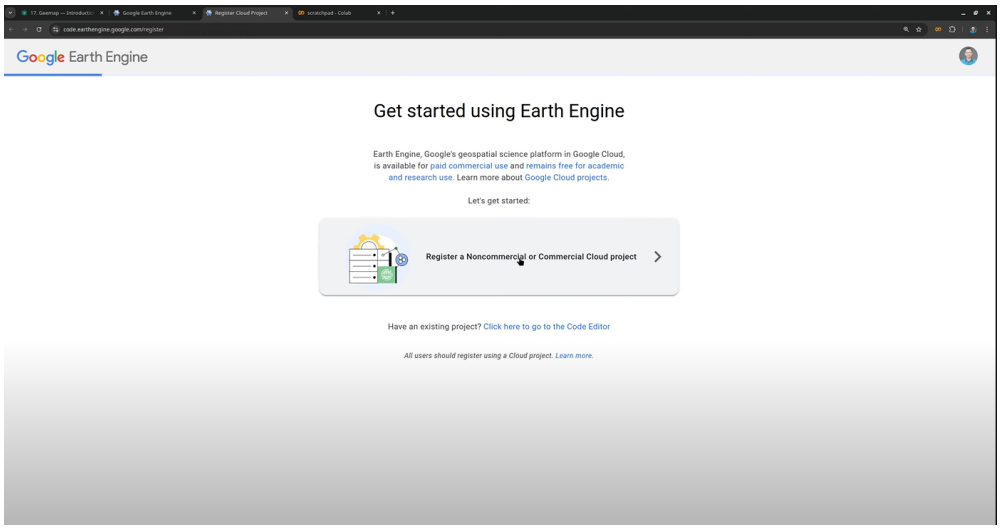
FAQ
Get Started
Starting November 13, 2024, all Earth Engine access will require a Cloud project. We will be limiting quotas for accounts without Cloud projects starting September 16, 2024.
A planetary-scale platform for Earth science data & analysis
Powered by Google's cloud infrastructure
Watch Video
Meet Earth Engine

2.



Google Earth Engine
Get started using Earth Engine
Earth Engine, Google's geospatial science platform in Google Cloud, is available for paid commercial use and remains free for academic and research use. Learn more about Google Cloud projects.
Let's get started:
Register a Noncommercial or Commercial Cloud project
Have an existing project? Click here to go to the Code Editor
All users should register using a Cloud project. Learn more.

3.
